Communications Internship

Who we are

At Healthnet TPO, we are a small but busy international non-governmental organisation. We work to improve the health and wellbeing of those living in fragile countries that are recovering from war and disaster. We do things a little differently here. We don’t do aid. Instead, we connect with people and empower them to improve their own situations. We are convinced that even the most vulnerable people have the inner strength to rebuild a better future for themselves. Our mission is to facilitate and strengthen communities and help them to regain control and maintain their own health and wellbeing. By empowering communities we are able to facilitate support and treatment in health, with a focus toward mental health and psychosocial support. We are a global organisation with projects across Afghanistan, Burundi, South Sudan and Colombia, reaching over 6 million beneficiaries.
