

HEALTHNET TPO

Vacancy: Visual Designer Internship

Location: Amsterdam, hybrid

Start: As soon as possible

Duration: Minimum 12 weeks (16-24 hours per week)

Are you an aspiring visual designer looking to gain hands-on experience and develop your skills at an impact-driven organisation? Are you excited to work within a small team and contribute to supporting people living in fragile and conflict-affected settings?

Who is HealthNet TPO?

HealthNet TPO is an international NGO with roots in The Netherlands. Our mission is to support communities and help them to regain control and maintain their health and wellbeing. At the same time, we strengthen national healthcare systems to ensure health needs are met.

We do things a little differently here, we don't do aid. Instead, we connect with people and provide them with the tools to improve their own situations. We believe that even the most vulnerable people have the inner strength to (re)build a better future for themselves.

We currently operate in Afghanistan, Burundi, Colombia and South Sudan. Our head office in Amsterdam is responsible for the overall management of the organisation.

What is your role?

As a visual design intern, you will work closely with the Communications Officers to support HealthNet TPO's branding and visual communication efforts. Your creative work will help communicate our impact and connect with our audience.

Your responsibilities:

- Create visual elements aligned with HealthNet TPO's branding, such as social media templates, newsletter templates, slideshows, iconography, and more.
- Develop infographics and visual reports to communicate complex information clearly and effectively.
- Collaborate with colleagues across the organisation to produce visual content for various campaigns and projects.
- Assist in designing promotional materials, including brochures, posters, and banners.
- Support the creation of visual content for our website and ensure consistency with our brand guidelines.
- Contribute to the growth of our Instagram account, through engaging designs and content ideas.

HEALTHNET TPO

- Participate in brainstorming sessions and contribute creative ideas to enhance our communication strategies.

Who are you?

- A student in graphic design, visual communication, or a related field. (Please note that due to Dutch legislation, we can only offer this internship to a student living and studying in the Netherlands).
- Fluent in English (Dutch is an advantage), with excellent communication skills.
- Proficient in Adobe Creative Suite (Photoshop, Illustrator, InDesign) and other design software.
- You have a strong portfolio showcasing your design skills and creativity.
- Detail-oriented with a keen eye for aesthetics and visual details.
- Able to work independently and within a small team, taking initiative to follow your own work schedule.
- Motivated to develop your skills and contribute to our mission of supporting communities affected by conflict and disaster.

What do we offer?

- An opportunity to develop your interests and skills in a diverse, friendly, and supportive environment.
- Experience working for a large multi-programme international organisation.
- You will become an integral member of our small, dedicated team at the head office and global communications team. We value your contributions and expect a high level of responsibility.
- Gross compensation of 300 EUR per month, based on 24 hours per week.
- Our office is based in Amsterdam near the Amstel Station. Work will be flexible with staff working in the office and from home.

Are you interested?

Do you recognise yourself in the above profile and do you want to work with a motivated team to contribute to a better future for communities affected by conflict? Send your CV and motivation letter to **recruitment@hntpo.org**. Please include in the subject 'Visual Designer Intern'. Applications will be handled on a rolling basis.
